How she came to this work

Business first

An MBA, then a decade running a manufacturing business.

A practical training in people, numbers and decisions came before the practice.

A name

At her wedding, the pandit named the couple Narayan and Narayani.

She took the name as a trust, and built her work around it.

The practice

Numerology, vastu and astrology, with the mind first.

More than 1,200 clients found her by word of mouth, in India and abroad.

Today

Transformation with NNG.

Her book, her consultations, and since August 2026 her channel on YouTube and Instagram.

NNG

THE NAME

*Narayan
Narayani
Garg*

Why the practice is called NNG

During the wedding rites, the presiding pandit worked out new names for the couple: Narayan for her husband, and Narayani for her. She has carried the name ever since as a trust, and Transformation with NNG grew from it.

What she holds to

The mind comes first.

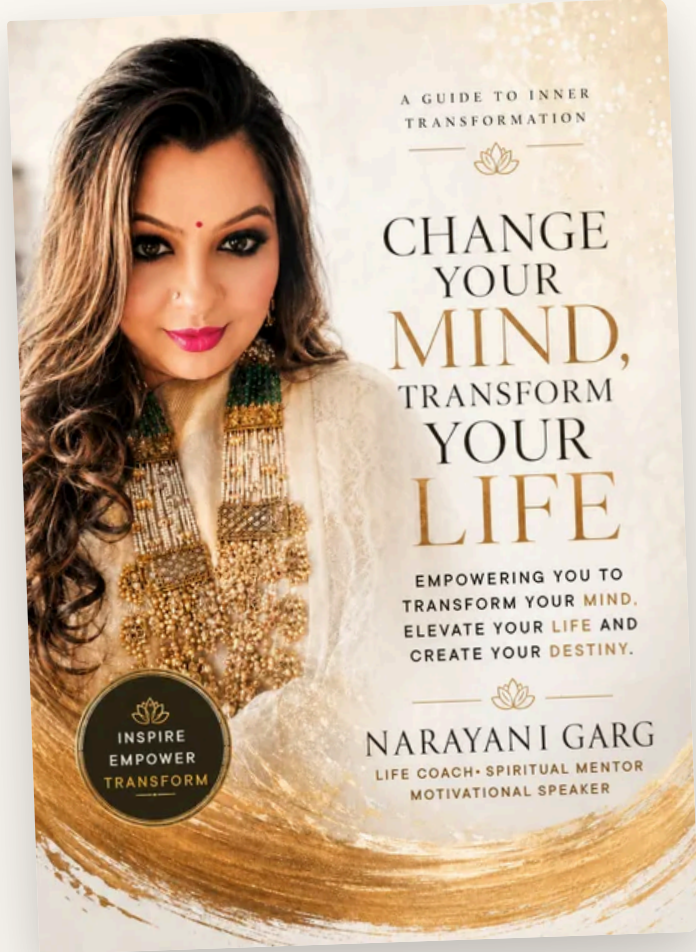

Upay tab kaam karta hai jab dimaag kaam karta hai. A remedy works when the mind does.

No fear, ever.

"I have never sold fear to anyone." Guidance here explains; it never frightens.

One life, four areas.

Health, relationship, career and money are looked at together, because they move together.

Change Your Mind, Transform Your Life

Her 21-day guide to inner change: the mind and its habits, energy and the chakras, and the four areas of life, with a practice for each day.

"When you change your mind, you change your world."

FROM THE BOOK

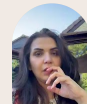

From London to the exam hall

Shelley has known her for about seven years. Vanshika came to her while preparing for her Grade 10 exams, and her mother joined for her.

London, about seven years

I was all over the place.

"She helped me and guided me through it. It has helped me with my business and my personal life, and changed me from always thinking negative into thinking more positive."

Shelley

Grade 10 student

She never sugar-coated anything.

"I used to be very anxious, even for my class tests. She never sugar-coated anything, which really helped me prepare for my exams. Thank you for transforming my anxiety into confidence."

Vanshika S.

A mother

I came for my daughter.

"I joined for my daughter. Now she is well, and she is happy."
